

';--have i been pwned?

<https://haveibeenpwned.com/>

Check if your email address is associated with a data breach and find advice on how to better secure your information!

“ I'm Troy Hunt, a Microsoft Regional Director and Most Valuable Professional awardee for Developer Security... I created HIBP as a free resource for anyone to quickly assess if they may have been put at risk due to an online account of theirs having been compromised or "pwned" in a data breach. I wanted to keep it dead simple to use and entirely free so that it could be of maximum benefit to the community.”
